The ICT Expo will bring together different sectors, i.e.; Education, Tourism, Mining, Manufacturing, Transport & Logistics, Agriculture & Forestry, Financial Services, Health Care, Infrastructure, Real Estates, Researchers, Policy Makers, Government Officials, Energy, and Key ICT players with customised innovations to answer to your sector problems.

The Expo will create more awareness and highlight the technologies that answer the needs of all the sectors mentioned above and to the general public. During the Covid 19 pandemic a lot of innovations have been created to make the lives of people easier.
